OUR CIRCULATION.

WE mean to keep the following paragraph stan-ADVERTISING. -We would commend the following Delivered in the Senate on the bill to authording for the benefit of all whom it may concern: facts to the attention of the advertising community. The "Wilmington Journal" circulates upwards of one THOUSAND COPIES weekly. Its circulation in the town of Wilmington is as large as that of any other paper published in the place. We would further state that its circulation in the counties which trade to this place is as it respects the position of my fellow towns- Methodist Episcopal Church, South. THREE TIMES as large as that of any other paper publish | men in relation to this bill and the proposed aed in North Carolina, and that its list is daily increasing. We say, therefore, without the fear of contradiction, that it is the best vehicle for advertising which the people of Wilmington can select. One other observation We think, that although a large majority of the readers of the "Journal" are Democrats, still THEY occasionally do a little trading, as well as the readers of the whig papers. We have written the above merely for the information of those who are most deeply interested-business men of all professions and all political creeds-WHO WANT CUSTOMERS.

I have said this much, Mr. Speaker, in or-NORTHERN MAIL, by Rail Road, due daily at 10 A. M., der to put my friend rectus in curia. I must berg. now solicit a few moments of the Senate's attention in giving those reasons which will Porter. compel me to vote for the bill. Heretofore, FATETTEVILLE MAIL, by Rail Road, is due on Mondays Mr. Speaker, I have studiously avoided making any expression of opinion on the merit or demerit of this bill. I was very much in better hopes that the force of reflection would have exerted its customary power over the devided feelings of the citizens of Wilmington, and induce them to adopt some other measure as a substituté for this bill-some mearsure which would enable them to construct the contem-RIVER CHAPEL, and HARRELL'S STORE MAIL, is due every | plated Road, and at the same time assuage and heal those unhappy feelings of division and Erwin. ONSLOW COURT HOUSE, STUMP SOUND, and TOPSAIL discord, of the existence of which this Legis-Math, is due every Monday at 4 P. M., and closes every lature has had an abundance of evidence. In a consultation held with the advocates of this bill I positively declared my determination to vote lisle. against its passage, unless the proposed amendments were made a part of the bill. These Neatly executed and with despatch, on amendments are not of my coinage, but have een suggested to me by those who are familiarly known in our town as Anti-Renters .- to be supplied. In using this term of designation I am far from making an odious comparison. On the contrary, Mr. Speaker, the most of these gentlemen are my personal and political friends .- H. Brown. Their character, I take very great pleasure in Columbia District.-Nicholas Talley, P. declaring, will compare - successfully compare E. with any number of citizens in any portion of our country for its excellency. I will inform the members of the Senate that any statement made in any communication from this portion of my constituents, may be implictly relied on COMMISSIONER OF DEEDS FOR SOUTH CAROLINA, as containing what they believe to be a true statement of facts; and I am the more partic- Smith. ular in making this assertion, as I have been informed that there has been made an attempt to impugn the correctness of the facts contained in the Anti-Memorial offered in their behalf by me a few days since. Such attempts must

They are malicious but harmless shafts. Mr. Speaker, the leading and most important amendment is that which refers this whole matter back to the citizens of Wilmington for its final ratification or rejection. This application is of an extraordinary character, and it is but right-it is but Democratic to leave it to the tax-payers to decide whether or not they will tax themselves for the purposes set forth in this bill. But in order, Mr. Speaker, to make it more consonant with my Democratic feelings, this amendment requires a majority of two-thirds of the tax-payers owning or representing two-thirds of the real property of H. Flemming, John A. Mood the town, to vote in its favor before it becomes a law; or rather, I should say, before the power to lay this tax shall be vested in the Com- Parsons. missioners. What can be more democratic? Especially when we consider that both the metropolists and the anti-memorialists-the ad-Manufacturers & Dealers in vocates and opponents of this measure--claim to have an actual majority of the tax-paying E. citizens on their side. The members of the Senate will bear in mind that I have never solicited any support for this bill. I cannot do otherwise than to record my vote in its favor, if these wholesome and salutary amendments are adopted. In that event the whole question narrows itself down to this point: whether or not it is expedient to authorize a com- Stacy. munity to tax itself. It is useless to discuss the character of the other amendments. They all emanate from the opponents of the bill, and are of course calculated to ameliorate its Avant. objectionable features-to make it more popular with its opponents. I believe that the advocates of the bill would cheerfully receive any additional alterations, if offered or sug- P. Mr. Speaker, I have had my attention cal- Robbins. led to the question whether or not this Legislature had a constitutional right to confer this taxing power on the citizens of Wilmington. Taylor. The committee on the Judiciary, to whom this matter was referred, made a report sustaining the position that the Legislature did possess this constitutional right.
